PADMASHREE INTERNATIONAL

PROFILE

PADMASHREE INTERNATIONAL, Delhi, is a leading supplier established in 2014, with brand name of **TRENDY**. We are one of the biggest name in the market offering best and wide range of automotive components at competitive prices. Our products are sourced according to industry leading safety and quality standards in mind. All our products are available in many sizes and variations.

In order to create the best array of products, we have built a team of experienced and skilled vendors. We have spacious warehouse and office space to cater to our increasing customer base. From the initial stage of procurement of goods till despatch from our facility, all the processes are divided into departments and each department is headed by a qualified manager. We strive to despatch and deliver the goods on priority basis.

We have a website (www.padmashreeinternational.com) which is updated with the latest products and catalogues to help our customers be update with our latest offerings. We offer multiple payment options like cheque, RTGS/NEFT/IMPS and demand draft that make the payment safe and secure. We are counted as one of the trusted name in the market due to above factors like faster delivery, availability of products, easy payment options, customer's centric approach and best after sale services.

Since our inception, we are working under the leadership of **Mr. VIJAY AGGARWAL**, **Mr. SIDDHARTH AGGRWAL** and **Mr. VICTOR DHINGRA**, who have been a driving force behind our organisation.

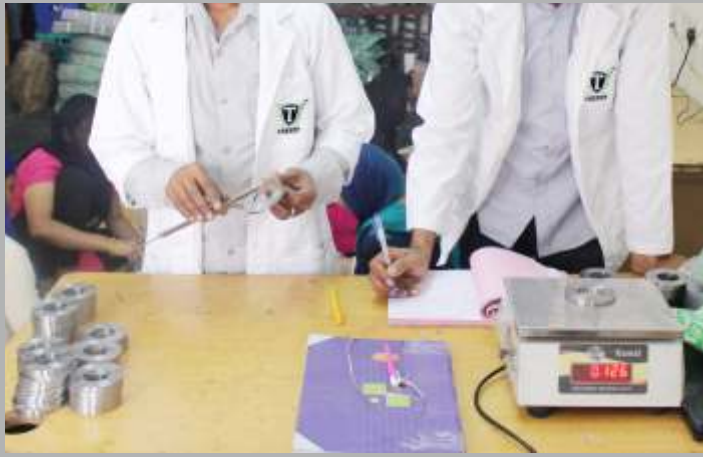

- ★ **30 Years of experience**
- ★ **Ready stock**
- ★ **Transparent and fair dealing**
- ★ **Quality assurance at very reasonable prices**
- ★ **Directly from manufactures / factory**
- ★ **Manufacturing & technical inspections**
- ★ **Thorough inspections before delivery**

PADMASHREE INTERNATIONAL has also been assessed with quality management system which conforms to ISO 9001:2015

Quality Assurance

We check purchased goods for quality, rejected goods are returned to supplier and only approved goods enter the warehouse.

All Sourced Goods are Checked by Team of 6 Quality Checker Before Entering The Warehouse

Packing And Dispatch

Tested and Formulated Packing for Each Product Reducing Product Damage in Transportation

95% In House Product Availability
